Panel Mount EasySeries

- Wide power range (7 models from 35 to 350 W)
- High degree of output voltage stability (precision: ± 1%)
- Proven performance (MTBF over 600K hours)
- Diagnostics via LEDs at the output terminal
- 4 quick and simple mounting types

Input Voltage	Output Voltage	Output Current	Reference	Description	Unit MRP [₹]
100...240 V AC single phase	24V	1.5A	ABL2REM24015K	ABL2_K Power Supply, DC24V output, 35W	3061

Universal ABL8RP/WP

- 100-500 Vac (1 or 2 Phases) Or 380-500Vac 3 Phases Input terminals
- Automatic or Manual reset
- 2 diagnosis LED (U/I)
- 4 to 10 mm<sup>2</sup> output terminals
- Tool-free removal from omega (DIN) rail
- Protection of settings (sealable)
- Diagnosis relay

# Altivar™ AC Drives

Advanced energy management  
and performance in motor control

# Altivar™ Easy 310

## Drives for Simple Machines

### Now available upto 22kW

*When just enough  
is just right!*

Reliable & cost effective solution to manage the speed of your motors in your machines.

General Purpose Drives

Altivar™ 12: Drives for 1-Phase / 3-Phase 230 Volts Input & 3-Phase 230 Volts Output

- Small: easily integrated in any machine
- Discreet & Intuitive
- Reliable: quality which stands the test of time
- High-performance: even without adjustment

# Automation and control made easy

Easy Altivar™ 610 variable speed drives.

Easy Altivar™ 610 variable speed drives for three-phase synchronous motors address the challenges faced by new economies. They are fit for purpose at affordable prices with no compromise on ease of use, robustness, and availability – the core values supported by a worldwide leader in automation.

Water & wastewater

Oil & gas

Constant, negative pressure water supply

Building

Power

Other OEM

#### Fit for purpose

- Optimized control system
- Multi-pump control function
- Harmonic mitigation solution

#### Designed for easiness

- Easy to install
- Easy to set up and use
- Easy to maintain

#### Strong on robustness

- Robust design for harsh environments
- Ever higher protection and performance

#### Always available

- Wide availability
- Worldwide technical assistance

Contact with Schneider Electric sales for country of origin.

# Easy Altivar™ 610

## Now available upto 460V

### Main features

**Power range:**  
0.75 to 315kW

**Main voltage range:**  
380~460V, 3 phase, -15 to +10%

**Overload capability:**  
ND: 110% 60s; 120% 20s;  
HD: 150% 60s

**EMC:**  
C3 level filter embedded

**Harmonics:**  
DC choke embedded (above 4kW)

**Protection:**  
IP20

**Operation temperature:**  
-15°C to +60°C (derating above  
+45°C)

**Motor control law:**  
Asy motor: V/f 2 pts; V/f 5 pts;  
UF quad; energy saving

### Control I/O

**Control terminal:**

- Analog input: 3
- Analog output: 2
- Digital input: 6
- Relay output: 3

**Communication:**

- Modbus embedded;
- option: Profibus DP

### Display terminal

**Basic keypad (standard)**

- LCD backlight, removable
- 2 lines, 6 languages
- Configuration save
- Easy mounting kit (Ø22mm)

For more information and product references visit

[se.com/easyaltivar610](http://se.com/easyaltivar610)

**Altivar™ 610: Drives for pumps and fans from 0.75 to 315 kW**

Now available upto 460V

- Compact size: simplicity of integration and reduction of the size of the enclosures
- Electronic cards with protective coating
- Operation temperature: -10...+60°C
- IP40 protection level on the top of the product
- Typical multi-pump configuration without PLC
- 7 preprogrammed function blocks cover 90% of the pump and fan applications
- Colored control circuit terminals to avoid misuse

# Altivar Soft Starter ATS430

From 17A to 590A

The new ATS430 offers effective motor management for standard machines in industrial applications.

## Competitiveness

- **Optimize time from design to operation** thanks to integration in EcoStruxure™ solutions.
- **Reduce overall cost:** No need to add external equipment, as essential functions for efficient motor management are built-in.

## Effective Motor Management

- **Best in class motor control:** Application requirements are mastered by the torque control system, motor and application are monitored.
- **High durability to increase machine uptime:** designed for high reliability level, the ATS430 offers condition monitoring, upgradability and repairability.

## Sustainability

- **Environmental performance:** ATS430 integrates biobased plastic, ASI-certified aluminum and recycled cardboard packaging.
- **Energy efficient:** efficiency > 99.5%, ATS430 is integrated in EcoStruxure™ Power Monitoring Expert

- Device condition monitoring
- Energy and power monitoring
- Cybersecurity best practices
- Torque control system
- Integrated bypass relays

Altivar Soft Starter ATS430

- Integrated bypass
- Effective
- Performance with Torque Control, the original
- Direct connection to automation (Modbus open style)
- High usability
- Increased uptime and lifetime
- High reliability
- Condition monitoring of the device
- Help to protect your machine operations
- Best Cybersecurity practices
- Role Based Access Control, PIN code

Next Gen Soft Starter for standard industrial machines, normal duty applications, from 17 to 590A.

## Altivar™ Soft Starter ATS480

The Altivar™ Soft Starter ATS480 is the next evolution of soft starters for digitization, while meeting cybersecurity standard. Designed to address process and infrastructures, ATS480 simplifies projects execution and maximizes the availability of your applications, even in the most demanding environments. ATS480 builds on the proven robustness and stop/ starting performance of the ATS48. ATS480 extends the lifetime of ATS48 equipment and preserves your initial investment by reusing current design.

### Benefits

#### Reduced engineering time and cost

- The integration of Altivar Soft Starter ATS480 in EcoStruxure™ Apps and software for Automation and Power drastically simplify architecture selection, detailed design and execution.

#### Reliability for your operations

- Highly robust and reliable even for the most demanding applications or in harsh environments
- Flexibility to improve the continuity of service of your applications

#### Cybersecure

- User account management to enforce authorization
- ATS480 has enhance cybersecurity features built-in to restrict or disable port and services
- Threat intelligence to generate security related reports
- Secure boot and firmware upgrade

## Complete solution for Process & Infrastructures projects

Only 1 range 208/690 V from 4 to 900kW

Options and accessories common to Altivar™

### Altivar " Soft Starter ATS480 characteristics

Us Rated operational voltage	208 to 690V
Ie rated operational current	17 to 1700A
Pe Power range	4 to 900kW
Application type	Normal and heavy duty
Control Type	Torque control, the original
Current limitation	500% Ie up to 700% motor In
Stop mode	Torque ramp, dynamic braking, DC injection
Motor thermal protection	Embedded electronic thermal relay, PTC, PT100
Connectivity	Modbus serial (embedded)
	Modbus TCP
	EtherNet/IP PROFINET PROFIBUS DP CANopen
Markings and Certifications	CE, c.UL.us, CCC, EAC, RCM, UKCA, DNV ABS, BV CCS

# Green Premium™

## Enhance sustainability with Altivar™ Soft Starter ATS480

### Superior environmental performance thanks to upgradability and modernization solutions

Altivar™ Soft Starter ATS480 is RoHS and REACH compliant

- Transparent environment information
- Life Cycle Analysis, compliant with ISO 14025
- Circularity Profile

Altivar™ Soft Starter ATS480 brings key benefits to help you achieve superior upgradable performance by enhancing its embedded functionality and performance capabilities for both hardware and software. ATS480 also extends the service life of ATS48 equipment: ATS480 replaces ATS48 while keeping the same footprint, circuit breaker, contactors, cables, and behavior of the process, making way for evolution.

The additional power options and the cybersecurity-compliant firmware upgradability capabilities of the Altivar™ Soft Starter ATS480 can help you to maximize process continuity and operation, as well as reduce your operational expenses, by avoiding the need to replace your soft starter or modify your existing installation as a retrofit.

#### Benefits

- Enable a secure and digital area
- Reduce your engineering time and cost
- Help to secure your operations
- Reduce downtime
- Extend the service life of ATS48 equipment
- Make way for evolution
- Preserve your initial investment

#### Communication and Wi-Fi modules

The additional communication modules allow you to easily integrate Altivar™ Soft Starter ATS480 in your scalable automation system. Together with the Wi-Fi access point, they bring easy access to the real data provided by the soft starter, aiding its digitization and easy integration in Industry 4.0 technologies.

#### Cybersecurity-compliant firmware upgrade

You have the possibility to upgrade the Altivar™ Soft Starter ATS480 firmware. Available on se.com, the firmware is digitally signed and can only be applied if authenticity is verified by the ATS480.

#### Graphic display terminal and dynamic QR code

In addition to the detailed warnings and detected errors available on the removable plain text display terminal, the graphic display terminal provides contextual troubleshooting and direct access to the appropriate page of the documentation via a dynamic QR code.

#### Power options (line chokes, bypass contactor)

The power options of Altivar™ Soft Starter ATS480 bring you the possibility to improve the power quality and efficiency of your installation. These options also improve the continuity of service of the installation and its robustness.

# Altivar Soft Starter ATS490

From 17A to 1200A

Green  
Premium™

Sustainable  
performance,  
by design

Discover the innovative features, and high durability performance of Altivar Soft Starter ATS490 that leads to the optimization of the project cost and provides a holistic vision for energy and asset management. Downtime and maintenance costs are reduced even for the most demanding application keeping safety and security.

### Improve competitiveness

CapEx reduction through integration, removing external devices. OpEx reduction through high durability and data reporting

### Improve sustainability

99.5% efficiency with integrated bypass  
power and energy monitoring  
Plastic with bio-based content (>20%), ASI certified aluminium compliant with REACH and RoHS

### Improve operational resilience

Torque control, the original high durability and integrated condition monitoring

### Cybersecurity certified

IEC 62443-4-2 SL1  
Extend the lifespan with reparability and upgrade  
Safe Torque Off certified  
IEC 61508 SIL 1  
IP20 protection degree as standard up to 110A, with protective covers up to 660A

Certified Cybersecurity Features

Altivar Soft Starter ATS490

- Integrated bypass
- Cybersecurity features certified IEC 62443-3-2 SL1
- Safe Torque Off certified IEC61508 SIL1
- Ethernet embedded : Modbus TCP, Ethernet/IP
- Differentiated equipment design to reduce CapEx
- Digital data reporting for Energy, asset management and high durability to reduce OpEx.

## Harmony Relays

Electromechanical, Timer and control Relays

Enhance **operational efficiency** and **optimize equipment availability** with our widest range of relays. Harmony relays are designed, manufactured, and tested to meet your needs for both wired logic functions and PLC Interfaces.

- **Wide choice:** 1C/O 10 A – 2C/O 5 A, 24 VDC – 230 VAC, multifunctional features
- **Robust installation:** fast-on pin terminal
- **Easy to use:** optional status indication and test function
- **Safe to perform:** feasibility to add protection modules (diode, diode + LED, RC circuit, or varistor + LED)
- **Space saving:** only 16 mm socket for 2C/O
- **Complies:** to CE, UL, CSA, EAC

# Easy Harmony Electronic Relays

The easy choice for timer and control relays

- **Cost-effective:**  
Essential choice with optimized function features
- **Space saving:**  
Compact size in 17.5mm form factor
- **Easy selection:**  
Six references to meet most of the application needs
- **Meets international industrial standards:**  
cULus, CE, CCC, and UKCA

RM10: Control relays

RE10: Timer relays

[se.com/in](https://se.com/in)

RM10 series

Control relays with the basic, standard or advanced monitoring function of 3 phase power network that feeds to the customer application.

## Harmony 3 Phase Control Relays

Description	Range	Voltage	Output	Reference	Unit MRP [₹]
<b>Basic:</b> Phase sequence, phase loss	-	208...480Vac	1CO, 5A	RM10TG00N	2071
<b>Standard:</b> Phase sequence, phase loss, phase imbalance	0...15s	208...480Vac	1CO, 5A	RM10TA00N	2507
<b>Advanced:</b> Phase sequence, phase loss, phase imbalance, over voltage and under voltage	0...100s	208...480Vac	1CO, 5A	RM10TE00N	2834

RE10 series

Timer relays with single time function, to fulfill customer application needs with simple hard-wired timing control.

## Harmony Timer Relays

Description	Range	Voltage	Output	Reference	Unit MRP [₹]
<b>Single function:</b> ON delay	0...30hrs	240VAC or 24VAC/DC	1CO, 5A	RE10RAMUN	1417
<b>Single function:</b> OFF delay	0...30hrs	240VAC or 24VAC/DC	1CO, 5A	RE10RCMUN	1744
<b>Single function:</b> Star-delta	0...120s	240 VAC	1CO, 5A	RE10RQM7N	1526

# Easy Harmony XB2

Just enough robust switch with added strength

Reliable, flexible and just enough

Easy Harmony XB2 Ø 22 mm metal modular push buttons and switches, are the basic products perfectly suited to meet majority of installation requirements, with metal features for added strength.

Designed for robust applications without compromising on ease of use, safety, flexibility and availability. Providing just enough and a little more.

### Target Segments

Consumer packaging, material working, textile machine, printing, hoisting, process control, lift and elevator.

## Ø 22 mm metal modular push buttons and switches

### Fit for purpose

- Designed to be used in numerous control and signaling applications
- Easy selection of the key functions for standard applications
- Diameter Ø 22 mm for standard OEM and panel-builder applications

### Robustness

- Metal bezels with metal fixing collars for impact endurance
- Excellent resistance to mechanical shocks and vibrations
- Metal screws for secure fix and grounding contact to the panel
- Conforming to CE, CCC and RoHS
- Tested and certified performance
- IP65
- Supports an operating temperature range from -25°C to +70°C

### Easiness

- Simple installation with screwdriver
- Flexibility with sub-assemblies for easy mix and match of functionalities
- Simple modular design facilitates post installation servicing, modification and adaptation of machines by non-specialists
- Anti-loosening system for screw clamp terminals of contact blocks

### Availability

- Supported by the service of Schneider Electric, a worldwide leader in automation and control
- Wide availability via an extensive distribution network

# Transition to equipment signaling excellence, elevate your operations

Harmony XVB7 Modular Tower Light

Coming Soon

# Better and brighter: Light up your journey with Harmony Modular Tower Lights

Harmony Modular Tower Lights, XVB7, feature a sleek, new design incorporating universal LEDs to maximize brightness while minimizing energy consumption.

With easy installation and a modular concept, Harmony Modular Tower Lights simplify your selection journey and enable operational efficiency.

## Better and brighter

- Elevated modern design
- 4x improvement in brightness

## Flexible

- Modular concept provides selection flexibility
- IO-Link and USB connections enable more operation capability

## Efficient

- More rationalized construction, reduce 3x SKUs with the same functional coverage
- Push-in terminal reduces wiring time by up to 75%
- M12 connection reduces wiring time by up to 95%

## Sustainability focused

- Power optimization via energyefficient LED
- Sustainable lifecycle from material to manufacturing

Precision, sustainability, and safety are important for maintaining peak productivity levels, particularly in environments where high performance and safety are critical.

## Safety you can see

Bright light = clear signals

## Tower light vivid in all kinds of ambient

### Easy Harmony XVG Monolithic tower light

When Simple is just enough without compromise in quality.

#### Intuitive clear lens design suitable in bright environment and long distance view

Clear lens design overcome colored lens dull and reflection in bright environment.

From far, can easily differentiate machine status by ON/OFF condition of tower light, even in bright and densed environment.

#### Pre-wired and pre-assembled simplify selection, engineering and inventory management

Easy colored code wire with respect to function ease installation and maintenance work.

#### Simple yet complete signaling applications

From single layer up to 4 layers. From steady to flashing light pattern. 5 types of mounting option. Wide voltage ranges options from 24V AC/DC, 220~240V AC. Answer most of the signaling applications.

## Offer overview

- Single layer to 4 layers. IP23 to IP53 depends on different mounting.
- Buzzer pressure level max 85dB @1m
- 5 type of mounting options
- Red flashing @ 1Hz on single layer, up to 4 colors (R/O/G/B) in steady pattern
- Long lasting LEDs, can operating more than 100K hours, low power consumption
- CE, CCC and EAC certification approval

Voltage	Colors	Light Pattern	Mounting Type	Without Buzzer	Buzzer

## Upgrade to Harmony XAPD/K for a modern and optimal design

### Better integration in machines and modern aesthetic

New XAPD color follows the industrial standard for enclosures and machines (RAL7035).

### Allow any type of XB4/XB5 functions, including E-stops with legend plate

Increase legend holders usage (our 2 sizes can be used in both vertical and horizontal direction). Our new flush XB4F/XB5F are also compatible. No change on external dimensions.

### Easy to select range with rationalized number of references

Substitution table available on this document.

# Human Machine Interfaces Product Line-up Guide

Harmony Panels and Industrial PCs

[se.com/in](https://se.com/in)

# Basic HMI panels for simple machines

## Harmony ST6 — High-resolution and cost-efficient basic HMI

Harmony STM6: W4", W7"  
Harmony ST6/STW6: W4", W7", W10", W12", W15"

Modular Harmony STM6

Modular HMI Gateway Box

Edge Box HMI

### Supporting Software

EcoStruxure Operator Terminal Expert

EcoStruxure Machine SCADA Expert

HTML 5

- Cost-effective with good quality
- Fits into Schneider EcoStruxure Architecture
- Superior high-resolution screen with 16M colors
- Powered by new-generation software "EcoStruxure Operator Terminal Expert" for high-quality graphics and stylish design
- Tool-free mounting with newly-designed mounting fastener, no need for screwdriver
- 2x Ethernet with Dual IP, end-to-end Cybersecurity
- Modular HMI version with push button 22 mm/0.866 in. mounting system
- Web HMI version with embedded browser (instead of HMI software) for visualizing HTML5 servers on industrial devices
- Remote visualization using Web Viewer feature
- Faceless HMI version with STM6 Gateway Box and Web Viewer feature for applications that do not need a full time operator screen
- Supports Cloud Services on Edge Box HMI (HMISTM6BOXIOT) due to the power of EcoStruxure Machine SCADA Expert software

## Harmony STO7 — Compact color HMI

### Supporting Software

EcoStruxure Operator Terminal Expert

Harmony STO7: W4.3"

- TFT color screen with 480 x 272 pixels
- Removable logo stickers
- Larger screen with full-size ratio in the 4.3" class
- 3 versions for various communication types

## Harmony GTO — Standard HMI

### Supporting Software

Vijeo Designer

Harmony GTO: 3.5", 5.7", W7", 7", 10", 12"

- Excellent brightness with TFT 65K colors
- Stainless steel panel for food and beverage applications
- Standard front and IP65 degree of protection
- Extended Temperature - up to 55 °C/131 °F
- Easy to install and sustainable offer
- Full range of international certifications
- No logo and full conformal coating versions available

## Harmony STU — Cut-out free HMI

### Supporting Software

Vijeo Designer

Harmony STU: 3.5", 5.7"

- Compact for space saving
- Innovative tool-free mounting via 22.5 mm/0.885 in. hole
- Ethernet port RJ45 10BASE-T/100BASE-TX
- Separately mounted via 3 m or 5 m cable with mounting adapter
- Modular design for easy maintenance

## Harmony SCU — Cut-out free HMI controller

### Supporting Software

EcoStruxure Machine Expert

Harmony SCU: 3.5", 5.7"

- Optimum all-in-one combination for HMI and Control
- Innovative tool-free mounting via 22.5 mm/0.885 in. hole
- Reduce machine assembly time and cost
- Space saving
- Embedded CANopen port for field networking
- Modular design for easy maintenance

## Harmony ST6 — High-resolution and cost-efficient basic HMI

Harmony ST6 HMI panels range in sizes from 4" to 15" wide combining the exceptional quality of good graphics and stylish design. They are available in basic, modular, web and Edge Box. The ST6 and STM6 panels offer an improved user operation experience through an intuitive design powered by EcoStruxure Operator Terminal Expert software. The STW6 panels have a pre-installed browser that provides a ready-to-use agnostic terminal allowing all devices to be visualized within an HTML5 server. The Edge Box HMI, thanks to the power of EcoStruxure™ Machine SCADA Expert software, provides an affordable Box to get ready for Cloud Services EcoStruxure Machine brings together key technologies for product connectivity and on-premise edge control, and cloud technologies to provide analytics and digital services. EcoStruxure Machine helps you bring more innovation and added value to your customers throughout the entire machine life cycle. The Harmony ST6/STW6/STM6 and the Edge Box HMI versions meet IIoT challenges at the Connected Products level, by providing secure communication, connectivity, and efficiency to the required software and applications at the Edge Control level, thus opening up more business opportunities.

## Harmony STO7 - Compact color HMI

- Best-in-class display
- With screen quality based on ppi similar to Harmony GTU, the Harmony STO7●●
- 4.3" color screens support crisp-clear visualization and a high quality display.
- This enables you to create more attractive and distinguished applications for industry.

Product Description	Reference	Unit MRP [₹]
4.3" touch panel screen RS232C	HMISTO705	On Request
4.3" touch panel screen RS232C/485	HMISTO715	On Request
4.3" touch panel screen Ethernet	HMISTO735	On Request
RTC battery set	HMIZSRTC1	On Request

## Harmony STU - Cut-out free HMI

- Harmony STU panels are compact open panels offering greater communication capabilities. The high resolution touch screens, clever mounting system, and HMI software make them ideal for machine manufacturer solutions in industry and infrastructure
- No panel cut-out is required to install a Harmony STU small panel. All you need to do is drill a hole measuring 22 mm in diameter - just like installing a push button. The front module (comprising the screen) is connected to the rear module (comprising the terminals and connectors) via this 22 mm drilled hole

Product Description	Reference	Unit MRP [₹]
Touch Panel Screen 3*5 Color	HMISTU655	On Request
Touch Panel Screen 5*7 Color	HMISTU855	On Request

## Harmony GTO - Standard HMI

- Standard and Stainless HMI panels with 3.5" to 12.1" screen.
- Harmony GTO Standard HMI panels feature optimized information and communication technologies, which, depending on the model, include:
- High level of communication (embedded Ethernet, multilink, Web server and FTP,e-mail).
- External storage of data (SD memory card and USB memory stick) for storing production data and backing up applications.
- Management of peripherals: printers, etc.
- These panels offer an excellent level of technical performance designed Principally for use by OEM customers.
- The Harmony GTO range has been designed in accordance with numerous standards, certifications and requirements:
  - Standards: EN 61131-2, 61000-6-2 and UL508,
  - Certifications: C-tick, GOST-R, KCC Atex and UL Hazardous location (pending), Marine certifications (pending).
  - Operating temperature: up to 55°C
  - Degree of protection (according to IEC 60529):
    - IP 65 for standard version products
    - IP 67 for standard version products fitted with a cover for harsh environments.
    - IP 66K for "Stainless Steel" version products
- Resistance to high-pressure cleaning (conforming to DIN 40050-9): up to 10 bar for "Stainless Steel" version products.

## Harmony SCU — Cut-out free HMI controller

The ultra-compact range of Harmony SCU HMI controllers are part of Schneider Electric's Flexible Machine Control concept, a key element in MachineStruxure™. The Harmony SCU HMI controllers offer brings together Human Machine Interface and control functions within in a single product. This reduces the amount of equipment required and the associated costs throughout the life cycle of the machine. The Harmony SCU integrate, as standard, all their functions. They benefit, in particular, from the same innovation as the Harmony STU panels range: Mounting via a 22 mm diameter hole (pushbutton type) which considerably simplifies installation.

Of modular design, this range comprises:

- 2 complete Harmony SCU products for the control of simple machines, comprising:
  - A 3.5" or 5.7" 65 k color TFT Screen module
  - A Controller module with 16 integrated digital inputs/10 integrated digital outputs
- 2 complete Harmony SCU products for the control of simple processes, comprising:
  - A 3.5" or 5.7" 65 k color TFT Screen module.
  - A Controller module with 8 integrated digital inputs/8 integrated digital outputs and 4 integrated analog inputs/2 integrated analog outputs

# Advanced HMI panels for performance machines

## Harmony GTU — High performance modular HMI

### Supporting Software

Harmony GTU: W7", 10", W10", 12, W12", 15", W15", W19"

EcoStruxure Operator Terminal Expert

Vijeo Designer

- 8 sizes of high-resolution displays ranging from 7" to 19", either with modern 16:9 or standard 4:3 ratio
- 3 boxes, two with Real Time OS and one with fully open Windows based
- Up to 2 separate Ethernet ports, serial communication ports, and field bus options suiting IoT
- Industrial multi-touch and fully coated offer
- All memory removable for PC-free box replacements
- Wireless LAN enabled display
- Easy to install with integrated mounting fastener and antidrop lock
- Multi-display capability with Open box using DVI interface or multi-display adapter

## Harmony GTUX — eXtreme HMI

### Supporting Software

Harmony GTUX: W7", W12", W15"

Vijeo Designer

- A wide temperature range from -30...+70 °C / -22 ...+158 °F
- Sunlight Readable: High brightness LCD (1000 cd/m<sup>2</sup>), anti-glare surface
- Robustness: UV Protection, conformal coated (fully coated)
- Dust and water proof (IP66F, IP67F and UL50E Type 4X (Outdoor use))
- Environmental standard: Class 1, Div. 2, ATEX/IECEX Zone 2/22
- Variety of interfaces including dual Ethernet ports
- Modular design with stainless front face
- Suitable for industry segments like Oil & gas, Water and Waste Water (WWW) management

## Harmony GK — Keyboard HMI

### Supporting Software

Harmony GK: 5.7", 10.4"

Vijeo Designer

- Fine control inputs even in severe environment
- Touch screen and keypad keys configurable simultaneously or separately
- Highly robust with operating temperatures up to 55 °C / 131 °F, reducing maintenance problems and time

## Harmony GTU — High performance modular HMI

Harmony GTU are universal panels that include smartphone-like interface and Wireless technology. They offer unmatched comfort of use with no compromise on performance and openness.

Product Description	Reference	Unit MRP [₹]

## Harmony GTUX — eXtreme outdoor HMI panels for harsh outdoor environment

- Harmony GTUX is a modularly designed robust terminal suitable for harsh outdoor environments. Features like high brightness and UV protection to direct sunlight, protection against water and dust, and supporting a wide range of temperatures make it an ideal choice for direct outdoor operation in O&G, WWW, and MMM segments.
- Harmony eXtreme panels can be used in applications like smart energy generation (solar, wind turbine, biomass, hydropower genset, etc.), hoisting, compressor, pumping, and car charging/washing.

(1) Available as Configured-to-order only and can be ordered using the online configurator.

(4) On the front panel when properly installed in an enclosure and not using the front panel USB port.

■ HMIPSA6

Harmony PSA6 is a compact and ultra-slim Industrial Panel PC offering a powerful, secure, and durable solution tailored to meet your industrial computing requirements.

- 13th Gen Core i5 CPU, 7th Gen Atom 4 cores • Windows 11 IoT Enterprise LTSC 2024
- Ultra-slim and lightweight design, FHD 15", 19"
- VESA mount compatible, PCAP glass top, easy to operate with gloves
- SDL compliant with IEC62443 standard, BitLocker, TPM
- Low power consumption, made of green materials, REACH and RoHS compliant
- Seamlessly supports a wide range of EcoStruxure software and connected devices: EcoStruxure Operator Terminal Expert, EcoStruxure Machine SCADA Expert, EcoStruxure Machine Expert Twin, AVEVA Edge Lite and more...

## EcoStruxure Operator Terminal Expert — Touchscreen configuration software

EcoStruxure Operator Terminal Expert

- Operate intuitively
  - Ability to go beyond the limitations of the physical screen size to improve productivity
  - Convert already created Landscape screens into Portrait screens for vertical scrolling and for screens that require many operation switches
- Reduce time to market
  - Efficient and intuitive engineering
  - For faster customization and modification
- Improve efficiency
  - High usability and image quality for the operator (experience design)
  - With Web Viewer feature, watch/operate the HMI screen remotely with mirroring function

## EcoStruxure Machine SCADA Expert - Lite SCADA for line management

EcoStruxure Machine SCADA Expert

- Save time
  - Quick and easy to install directly on our iPCs
  - Save days of testing and commissioning thanks to a fully tested and validated association
  - Tailored information at a glance using BI-Dashboard template
- Save money
  - Get peace of mind and save time and resources with our single point of contact for Hardware/Software/Operating System support
  - Access SCADA level software, with all its benefits, at a competitive cost/features ratio
- Connectivity and data management
  - Includes 250+ native communication drivers
  - Monitor and control remotely your application with Mobile Access, using a tablet or smartphone

**Note:** For Harmony HMIP6, EcoStruxure Machine SCADA Expert Runtime preinstalled version is available as an option in the online configurator.

## Vijeo Designer — Classic HMI configuration software

Vijeo Designer

- Multi-platform: from optimized panels to iPCs
- Multi-panel communication: automatic data sharing between up to 8 different panels
- Multi-language: 15 languages in runtime and 38 alphabets
- Multi-protocol: on COM and Ethernet ports
- Multi-access: local or remote display with WEB Gate, Vijeo Designer Air and Vijeo Designer Air Plus
- Multi-media: video/sound record/replay capability

## EcoStruxure Operator Terminal Expert - Touchscreen configuration software

- EcoStruxure Operator Terminal Expert allows you to create and edit application screens that control automation systems for Harmony GTU (Premium and Open Box)/ STO color/ST6/STM6 terminals, and Harmony industrial PCs (Panel and Box).
- EcoStruxure Operator Terminal Expert features a modern and simple-to-use user interface, easy-to-access functions and information, and a multi-platform working environment. It also shortens design time by providing pre-made navigation framework.

## EcoStruxure Machine SCADA Expert - Lite SCADA for line management

- EcoStruxure Machine SCADA Expert enables you to use the key features of Microsoft operating system and build a full-featured SCADA or HMI project for your industrial automation business.
- EcoStruxure Machine SCADA Expert is designed in a modern, ribbon-based Windows interface to provide an integrated and user-friendly development environment.
- EcoStruxure Machine SCADA Expert supports capabilities like scripting, animation, E-mail, recipes, security, tags database, multi-touch, alarms, trends, scalability, multilanguage, FDA traceability, PDF export, graphics and design tools, and so on.
- For applications ranging from complex machine control and monitoring to plant supervision and SCADA, EcoStruxure Machine SCADA Expert with Harmony iPC association makes industrial operations smooth and stress-free.

## EcoStruxure Secure Connect — Secure remote access solution

- Provides a secure connection between remote display units on the work site (via SiteManager Embedded) and computers or smart devices in the office (via LinkManager) over a secure central server (GateManager).
- With EcoStruxure Secure Connect, maintenance personnel can access Schneider Electric software and update it remotely and securely via the HMI, PLC, and other connected devices as if they were on site.
- Troubleshooting and repairs can be performed remotely upon request.

### EcoStruxure Secure Connect - Secure remote access solution

EcoStruxure Secure Connect provides a secure connection between remote display units on the work site (via SiteManager Embedded) and computers or smart devices in the office (via LinkManager) over a secure central server (GateManager). With EcoStruxure Secure Connect, technicians and programmers can remotely access the Schneider Electric software and securely update it via the HMI, PLC, and other connected devices just as though they were present on site. Troubleshooting and repair can also be performed remotely upon request.

years strong & still innovating!

> Control > Protect > Power > Active

### Innovative and connected solutions for motor starters

TeSys is an innovative motor control and management solution from the global market leader. TeSys offers connected, efficient products and solutions for switching and protection of motors and electrical loads in compliance with all major global electrical standards

## TeSys Function Names

TeSys components are grouped by function name, for easier identification. These functions are related to motor, power, control and protection.

#### > TeSys Power:

Components for powering motors

#### > TeSys Control:

Components for controlling motors

#### > TeSys Protect:

Components for protecting motors

#### > TeSys Active:

Connected components for motor circuits

# Start smart. Run smart. With TeSys motor controls.

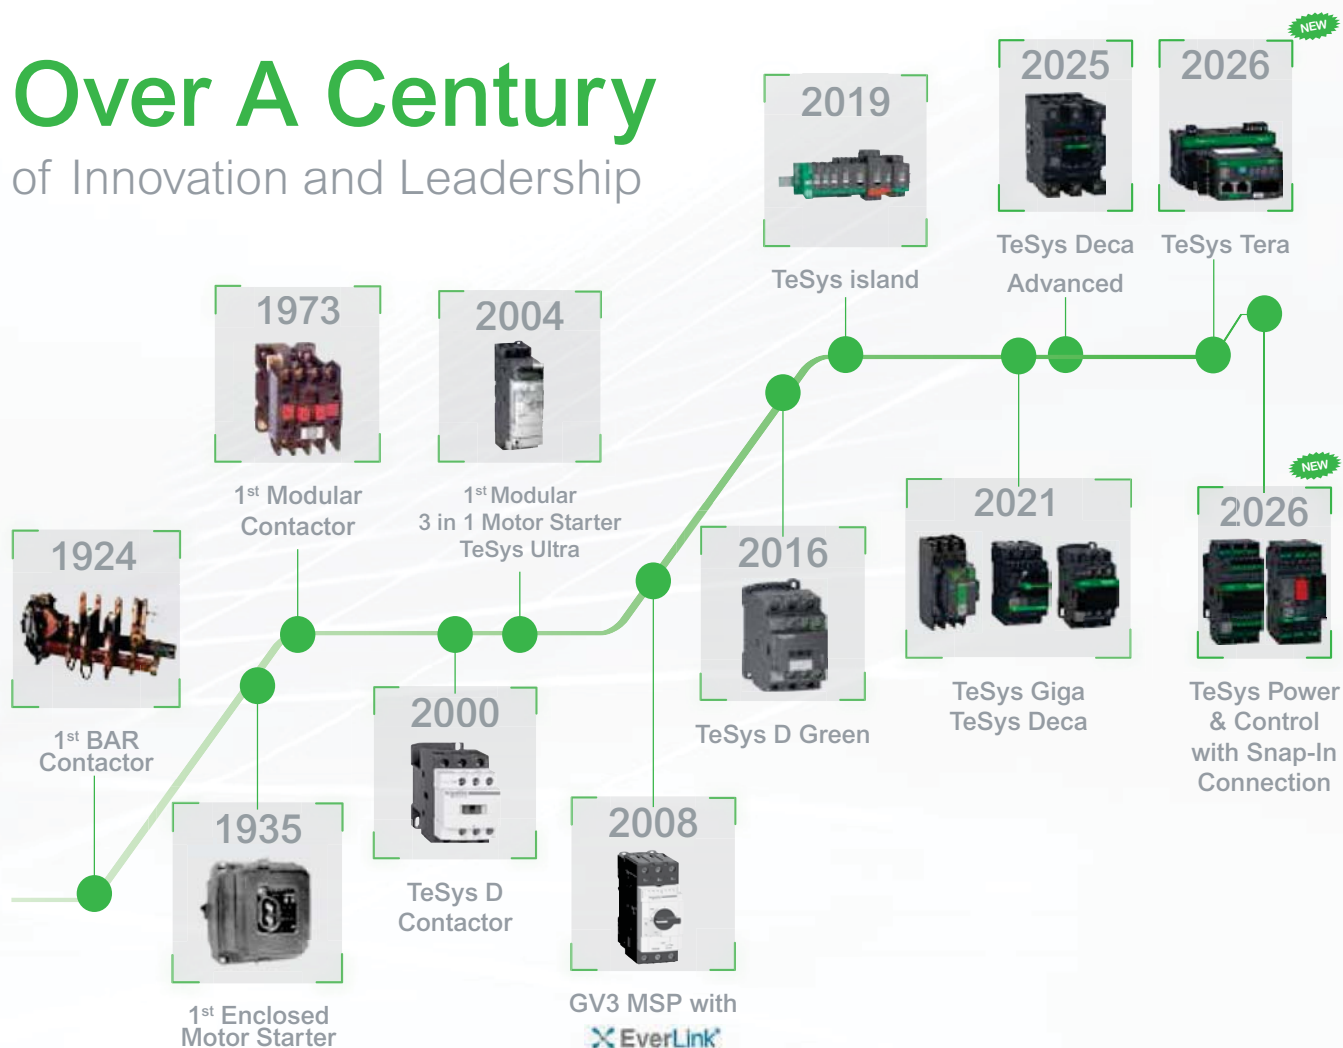

Stay smart with the world's best-selling motor control solutions from the inventor of the world's first contactor - Schneider Electric™.

**For over a century, TeSys motor controls have driven the industry with innovations in motor protection, monitoring, and control.**

It started with the introduction of the industry's first BAR contactor in 1924, and today, the legacy of innovation is built into every TeSys motor control device.

Best-in-class safety and reliability, plug-and-play architecture, and flexible functionality mean TeSys motor control solutions can meet your requirements across a wide range of applications, from the most common to the most advanced.

## Over A Century of Innovation and Leadership

# Superior safety for all industries

TeSys motor controls come with all of the isolation, protection and emergency handling you need to comply with international codes. High-contrast covers identify safety-critical devices to prevent inadvertent manual operation. Every TeSys contactor is both mechanically linked and equipped with mirror contacts for safety applications and wherever auxiliary contact state reliability is critical.

## HVAC

Ensure 24/7 availability of your HVAC system with reliable products that can reach high ambient temperatures without derating.

## Conveying

Decentralize the control cabinet of your conveyor line and benefit from up to 80% space reduction.

## Genset

Make certain your generator starts even in the harshest conditions with robust TeSys solutions.

## Pumping

Optimize single or multi-drive boosters for industry or infrastructure with energy and cost-effective solutions.

## Packaging

Keep pace with the most demanding, high-end packing applications with solutions that can perform 30 million AC53a electrical cycles, like TeSys H.

## Oil and Gas

Keep your employees and assets safe and improve uptime in onshore and offshore applications: pipeline operations: LNG and natural gas processing: and refining and petrochemical applications.

## Water and Wastewater

Optimize the treatment and delivery of safer water by reducing energy usage and lowering operating costs.

## Food and Beverage

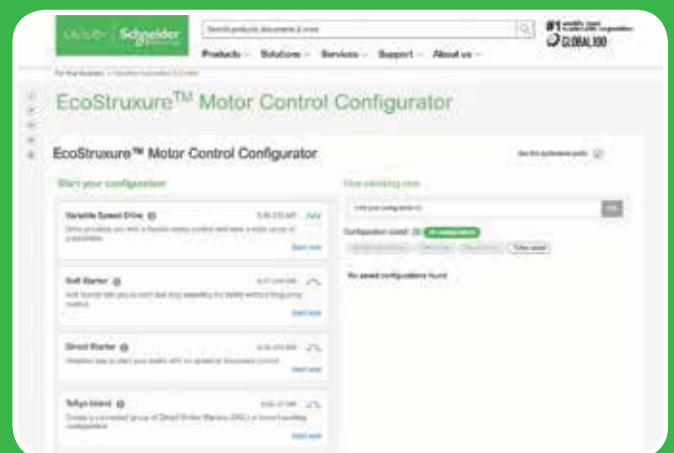

Serve your customers with environmentally friendly products to improve sustainability, efficiency, and flexibility, allowing you to adapt to changing customer habits.

## Online selection tool

### EcoStruxure™ Motor Control Configurator

For Direct-On-Line and Star-Delta starters, motor circuit breakers with advanced protection, motor management relays, configurations for total coordination, drives, and soft starters.

No matter what kind of starting method you need, our online EcoStruxure™ Motor Control Starter Configurator will help you to quickly and easily select the optimal combination of components to ensure maximized motor safety, protection, and uptime.

Scan or click on the QR code

# TeSys Range

## TeSys Component Series Names

Series names are now grouped as per the current ratings

- Series names group conventional components (circuit breakers, contactors, relays, overcurrent relays) by current rating ranges.
  - 0 to 16 A > **TeSys K Series**
  - 9 to 150 A > **TeSys 'Deca' Series**
  - 185 to 800 A > **TeSys 'Giga' Series**.
- TeSys advanced components have a specific classification.
  - 0 to 38 A All-in-one starters > **TeSys 'Ultra' Series**
  - 0 to 80 A Motor Control/Protection/Monitoring system > **TeSys 'island' Series**.

### > TeSys K Series

The essential line for motors up to 7.5kW/16A direct on TeSys K series of Motor Starters

### > TeSys Deca Series

The industrial standard for motors up to 75kW/150A direct on TeSys Deca series of Motor Starters

### > TeSys Giga Series

For large motors up to 450kW/800A direct on TeSys Giga Series

### > TeSys Ultra Series

The most compact totally coordinated solution for Motor Starters. For Direct On Line or Reversing Motor Control and Drive Protection upto 18.5kW/38 A on TeSys Ultra series

### > TeSys Island Series

Digitally powered monitoring, control and protection of electrical motors up to 37kW/80 A on TeSys Island Series

# TeSys Control

## TeSys K

### Control Relays - K Model (AC & DC Control)

- Conformance IEC, UL, CSA, CE Marking
- Inbuilt 4 auxiliary contacts
- 10A thermal rating
- Available with AC (50/60Hz Dual frequency), DC & DC low consumption coil options

No of Poles	AC Control Reference	Unit MRP [₹]				DC Control Reference <sup>(4)</sup>	Unit MRP [₹]		
		B7 (24V)	F7 (110V)	M7 (220V)	N7 (415V)		BD (24V)	FD (110V)	MD (220V)

\* Reference to be completed by adding coil voltage code

(1) Compatible with PLC outputs

(2) Wide range coil (0.7...1.25Uc), suppressor fitted as standard

(3) 2 pole auxiliary contact block can be mounted additionally

(4) Optional in-built surge suppressor available

### Power Contactors - K Model (3 Pole AC & DC Control)

- Conformance to IEC, UL, CSA
- Current Rating : 6A to 16A, AC-3 duty
- 1NO or 1NC inbuilt auxiliary contact
- Available in 3P & 4P version
- Available with AC (50/60Hz Dual frequency), DC & DC low consumption<sup>(5)</sup> coil options

## TeSys Deca

The next-generation TeSys Deca series motor starters offer a reliable and robust solution for a faster machine time-to-market. It has a new modern look & feel and is designed to meet the requirements of Electro domestic applications. Ease of operation and reliability is guaranteed with the new multi-standard screws. Digital customer experience is enhanced with a QR embedded from product to packaging.

### TeSys Deca Control Contactors (AC & DC Control)

- Conformance to IEC, UL, CSA
- 5 inbuilt auxiliary contacts, in just 2 variants
- Available with AC (50/60Hz Dual frequency), DC & DC low consumption coil options
- High Operating ambient temperature upto 60 Deg C
- Inbuilt surge suppressor for DC & DC low consumption

# Simplicity with just 1 click for 1 second

It's so EASY as one hole, one pusher, one click.

- No special tool skills needed.
- No wiring tool needed regardless of flexible, solid or fine-stranded conductors

## Simplicity It's so QUICK!

- Electrical connection under one second
- Up to 92% faster than traditional technologies

## Scalability READY-TO-ROBOT!

- The first contactor suitable for fully automatic mounting and wiring.

## Scalability Comprehensive solution!

- Up to 32 amp (AC-3/AC-3e) motor switching solution thanks to extensive accessories

## Simplicity It's so EASY!

- The world's first self-explanatory clamping technology. One hole, one pusher, one click.
- Solid and flexible wires with or without cable end can be connected without any tools.

## Reliability It's so SECURE!

- Your peace of mind with every connection through, a clearly audible click and the pusher moves forwards.

## Reliability General benefits

- Each connection has a testing point for diagnostics
- Maintenance-free clamping technology
- One-handed unwiring

# Reliability from install to maintain

## It's so SECURE

- Clear indication by a sound and visual feedback as confirmation to the electricians

 <p><b>Delivery status</b></p>	 <p><b>Wiring</b></p>	 <p><b>Clamping</b></p>
<p>The device is supplied with a preloaded spring. The switching status of the preloaded terminal point is indicated by the position of the pusher.</p>	<p>The stripped wire can be easily and securely inserted into the terminal point without any further preparation.</p>	<p>When the wire touches the ground contact of the terminal, the spring of the clamping point is released and shoots the terminal. This changes the position of the pusher and a clear 'click' can be heard.</p>

## Reliability benefits the whole customer journey

Testing	Operation	Maintenance
<p>Measuring point of each connection</p>	<p>Maintenance-free clamping technology</p>	<p>One-handed unwiring</p>
<p>Ideal for final acceptance tests as well as maintenance &amp; service</p>  <p>Safety of Your Machines Depend on Smart Solutions</p>	<p>Robust against vibrations and shocks</p>  <p>Continuous pressure force</p>	<p>First reset all pushers. Then all wires can then be removed without using any force.</p> 

# TeSys Deca Advanced

## The Revolutionary Electronic Coil Contactor

Complete range in 4 frame sizes:

09-12-18A

25-32-38A

40-50-65-80A

115-150A **NEW**

 -80%

Up to 80% less energy consumption than a traditional electromechanical motor starter

10X Reduction  
in references

Few set of references covering the complete voltage range for AC and DC

 -35%

Small in size & high current handling capacity

PLC Compatible

Direct connection to a PLC without the need for an interposing relay

SEMIF47

High uptime thanks to wide band coil with high resistance to voltage surges/SEMIF47 conform

Scan to see TeSys Deca Advanced under voltage performance.

## Deca Advanced Contactors

### Introduction

### TeSys Deca Advanced contactors

9...18 A

25...38 A

40...80 A

115...150 A

#### Power & switch

- 3 or 4 power poles
- 9 to 150 A (AC-3/AC-3e)
- 25 to 200 A (AC-1)
- Embedded 1 NO + 1 NC auxiliary contacts
- Patent EverLink main power terminals <sup>(1)</sup>

#### Efficient design

- Low consumption coils
- High rating within compact size
- Ready for IE3/IE4 high efficiency motor

#### Remote control

- 24V DC <sup>(2)</sup>, 24...60 V, 48...130 V 100...250 V, 200...500 V AC/DC coils
- PLC direct control available <sup>(3)</sup>
- High resistance to voltage fluctuation
- Embedded surge suppressor

#### Standards & Certifications

- Multiple standards
- International certifications

(1) for LC1D40A...150A

(2) BBE coil for LC1D40A...80A for PLC direct input

(3) BNE coil for LC1D09...38, BBE coil for LC1D40 A...80A

## Deca Advanced Contactors

### TeSys Deca Advanced Contactor (3 Pole AC/DC Universal Coil)

- Universal AC/DC coil from 24 - 250V
- Special low consumption offer from 40-80A
- Fuseless Type 2 Co-ordination charts available

## TeSys Deca

### Accessories

#### TeSys Deca auxiliary contact blocks for use in harsh industrial environment

Product references:  
coding principle

**Note:** There are differences in NO/NC position between LADN●●R and LADN●●. Please refer to page A1/42 for wiring diagram details. This auxiliary module only supports the installation on contactors with standard power consumption.

### Product core values

Dustproof, Ultra-fine grain silver contacts, Improved Reliability, 17 V/1 mA

New upgrade, with innovative design

**20% stability increased on contacts**  
Improves contact reliability between mobile and static contacts

**Fully sealed design benefits on reduced dust access**  
Comprehensive blocking of dust and external pollution

**5X granularity refinement on silver alloy**  
Innovative binary alloy refinement process provides precise conduction for each operation

**10<sup>-8</sup> level on reliability**   
Capacity 17 V/1 mA

#### Target industries and applications

- For elevator, textile machinery and other harsh industrial applications
- For low voltage and low current high sensitive applications

### Product variants:

LADN11R

LADN20R

LADN22R

LADN31R

## TeSys Deca

Modular marking system simplifies identification of standard contactors in the control panel to enhance visibility of the safety chain

### Simple, customisable modular marking system

#### Standard TeSys Deca contactors

Easy-to-attach covers:

Auxiliary blocks with safety chain identification also available for more contact points:

Flexibility to customise contactors included in the safety chain during panel building

Simpler and faster maintenance with 100% visibility

Safety covers and auxiliary blocks prevent screwdriver contact with poles

#### Standard TeSys Ultra motor starters

Translucent labels to identify safety-chain devices:

### Complete safety-chain identification system

#### TeSys Deca range

Retrofit contactor safety covers

LAD9ET1S  
9A upto 65A

LAD9ET3S  
80A to 95A

LAD9ET4S  
110A to 150A

LADN22S  
2NO + 2NC

#### TeSys Ultra range

Retrofit identification label

LU9ET1S

Also available for CAD32/CAD50

### Built in Safety

TeSys Ultra motor starters are certified according to IEC 60947-4-1 for safety applications thanks to integrated mirror contact

Description	For use with	Reference	Unit MRP [₹]
Red Cover (For safety chain indication)	LC1D09...D65A and DT20 .. DT80A	LAD9ET1S	1160
Auxiliary Contact block with red front face- for safety chain indication	2NO + 2NC	LADN22S	1660

# TeSys Giga - Future Ready

## A New Generation Series with Digital Innovation

TeSys Giga is new range of high-power contactors that supports industry requirements with process performance monitoring through data networks and online expert services.

### Optimized Predictive Maintenance through-

- Continuous local and remote monitoring of contact wear
- Replaceable contacts (when necessary), facilitated by diagnostic visual indicator.

### Unique Design-

- Innovative design and feature with compact size
- Ergonomic design & Flexibility in connections.
- Embedded auxiliary contact blocks
- Wideband electronic coils

# TeSys Control

## TeSys Giga

### TeSys Giga High Power Contactors

Both "Standard" & "Advanced" versions available in 3 sizes, covering several ratings

#### Standard Version

##### Power & control

- 3 or 4 power poles
- 115 to 800A (AC-3)
- 200 to 1050A (AC-1)
- Embedded 1 NO + 1 NC auxiliary contacts
- Push-in type terminals for coils & control

##### Remote control

- 48-130V, 100-250V AC/DC coils
- Wide voltage range coils (direct coil control)
- Embedded surge-suppressor

##### Diagnostic

- Embedded wear diagnostic
- Embedded control voltages diagnostic
- Self diagnosis function
- Local alarm signaling (LED)

#### Advanced Version

##### Advanced diagnostic features along with standard version -

##### Diagnostic

- Remote wear diagnostic signaling kit (accessory)

##### Mounting

- Cable memory' adapter enables maintenance without removing power cables and busbar connections.

##### Remote control

- 24-48 V, 200-500 V AC/DC coils
- Digital control input (PLC output digital coil control)

Interlock location, with knock-out cover

On/Off switch for PLC input

Push-in type control terminals enabling quick wiring and assembly

Diagnosis LED for contact wear & voltage abnormality

Built-in 1 NO + 1 NC auxiliary contact block

Unique QR code providing quick access to complete product data

Mechanical indicator for contactor open and closed status

## TeSys Giga

### Giga High power contactors – Power wiring accessories

#### Product references

#### Power Terminals

##### Spreader Kits

Description	Suitable for	Compatible with Contactors	Increase of Pole Pitch	Quantity Set of	Reference	Unit MRP [₹]
Spreader kits	3P	LC1G115...LC1G225	35 to 45 mm	3	LA9G3611	7690
	3P	LC1G265...LC1G500	45 to 70 mm	3	LA9G3612	7690
	4P	LC1G115...LC1G225	35 to 45 mm	4	LA9G4611	9615
	4P	LC1G265...LC1G500	45 to 70 mm	4	LA9G4612	9615

#### Terminal extensions for larger power connections

Description	Suitable for	Compatible with Contactors	Power Connection Size	Quantity Set of	Reference	Unit MRP [₹]
Terminal connections	3P	LC1G400...LC1G500	50 mm width	3	LA9G3613	9615
	3P	LC1G630...LC1G800	80 mm width	3	LA9G3614	51275
	4P	LC1G400...LC1G500	50 mm width	4	LA9G4613	11535
	4P	LC1G630...LC1G800	80 mm width	4	LA9G4614	75180

#### Power Terminal Accessories

##### Phase Separators

Description	Suitable for	Compatible with Contactors	Quantity Set of	Reference	Unit MRP [₹]
Phase separators <sup>(1)</sup>	3P	LC1G115...LC1G800	2	LA9G3801	1920
	4P	LC1G115...LC1G800	3	LA9G4801	2400
	3P – with 50/80 mm spreaders	LC1G400...LC1G800	2	LA9G3803 <sup>(2)</sup>	1935
	4P – with 50/80 mm spreaders	LC1G400...LC1G800	3	LA9G4803 <sup>(3)</sup>	2400

(1) Either phase separators or terminal shrouds can only be mounted. Phase separators or terminal shrouds are mandatory for operational voltage,  $U_e \geq 690$  V.

(2) To be used with LA9G3613 and LA9G3614.

(3) To be used with LA9G4613 and LA9G4614.

For details on non standard references, technical parameters, accessories, compatibility, stockable and non stockable status please contact Customer Care

\*Note: For LR9D01 to LR9D32 - Terminal Block for Clip on Mounting LAD7B205.

### Electronic Overload Relay - TeSys Giga Series

- Wide range of protection with only 4 references (28A to 630A)
- Switchable protection against ground fault and phase imbalance
- ON status and overload alarm signaling by LED
- Direct mounting of relay with contactors saving in panel space and installation time
- Selectable Trip class from 5E to class 30E to suit different application needs

Thermal Protection Adjustment Range	Reference	Unit MRP [₹]
28...115 A	LR9G115	29760
57...225 A	LR9G225	34720

## Electronic Overcurrent Relays

### Digital EOCR

#### Protection

- Over Current-Definite & Inverse Time
- Under Current
- Phase Loss
- Phase Reversal
- Stall
- Jam
- Imbalance
- Earth Fault\*

#### Diagnostic

- Trip Cause
- Fault History-3 Faults (Cause & Current Value)

#### Measurement

- Load Current
- Ground Current\*
- Running Hours
- Load Current Bar Graph
- i-THD (Current Harmonic Distortion)

#### Other Features

- Modbus Communication\*
- 4-20 mA output for Motor Current\*
- Pre-Alarm Contact
- Suitable for 1 $\Phi$  & 3 $\Phi$  Motors
- Suitable for Low Frequency VFD Operation (10-100Hz)
- Available with Type-2

### Analog EOCR

#### Protection

- Over current
- Phase loss
- Locked rotor

#### Other Features

- Easy installation, with DIN Rail and Panel Mounting compatibility
- Trip cause display
- Manual/Electrical reset
- Testing Provision through Test Button
- Suitable for 1 $\Phi$  & 3 $\Phi$  Motors

\* In selected models

## TeSys Power Motor Protection Solutions with Fast and Reliable SNAP IN Connections up to 15 kW

Spring-type terminals are now upgraded to **SNAP IN** connections  
- delivering a more robust, reliable, and user-friendly solution!

It's so **QUICK** as one second

- Up to 92% time saving compared with other connection technology

### TeSys Deca Motor Circuit Breakers SNAP IN Type

# Simplicity with just 1 click for 1 second

It's so EASY as one hole, one pusher, one click.

- No special tool skills needed.
- No wiring tool needed regardless of flexible, solid or fine-stranded conductors

## Simplicity It's so QUICK!

- Electrical connection under one second
- Up to 92% faster than traditional technologies

## Simplicity It's so EASY!

- The world's first self-explanatory clamping technology. One hole, one pusher, one click.
- Solid and flexible wires with or without cable end can be connected without any tools.

## Reliability It's so SECURE!

- Your peace of mind with every connection through, a clearly audible click and the pusher moves forwards.

## Scalability READY-TO-ROBOT!

- The first motor circuit breaker suitable for fully automatic mounting and wiring.

## Scalability Comprehensive solution!

- Up to 15 kW motor protection solution thanks to extensive accessories

## Reliability General benefits

- Each connection has a testing point for diagnostics
- Maintenance-free clamping technology
- One-handed unwiring

# Reliability from install to maintain

## It's so SECURE

- Clear indication by a sound and visual feedback as confirmation to the electricians

 <p><b>Delivery status</b></p>	 <p><b>Wiring</b></p>	 <p><b>Clamping</b></p>
<p>The device is supplied with a preloaded spring. The switching status of the preloaded terminal point is indicated by the position of the pusher.</p>	<p>The stripped wire can be easily and securely inserted into the terminal point without any further preparation.</p>	<p>When the wire touches the ground contact of the clamping point is released and shoots the terminal. This changes the position of the pusher and a clear 'click' can be heard.</p>

## Reliability benefits the whole customer journey

<p><b>Testing</b></p>	<p><b>Operation</b></p>	<p><b>Maintenance</b></p>
<p>Measuring point of each connection</p>	<p>Maintenance-free clamping technology</p>	<p>One-handed unwiring</p>
<p>Ideal for final acceptance tests as well as maintenance &amp; service</p>  <p>Safety of Your Machines Depend on Smart Solutions</p>	<p>Robust against vibrations and shocks</p>  <p>Continuous pressure force</p>	<p>First reset all pushers. Then all wires can then be removed without using any force.</p>

# TeSys Control

## Ultra motor starters

### Introduction

From traditional solution

Ultra motor starter- All in one block for advance protection

Motor circuit breaker:  
GV2L

Magnetic protection  
> short-circuit protection

Contactor:  
LC1D

Control  
> Start /Stop

Status monitoring  
> signaling  
> alarm monitoring

Protection relay:  
LRD

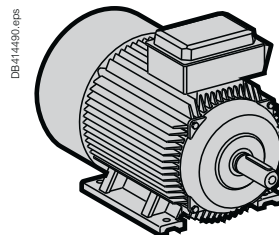

Thermal protection  
> overload

Ultra motor starter  
> All basic or advanced protection and control functions in one block

and more...

- > Overload indication and alarm
- > Status report, remote control via communication bus

**Ultra motor starters**  
can be used in  
**80 %**  
of motor protection and control applications.

# TeSys Control

## Ultra motor starters

- Total Coordinated Starter – 3 functions in a single device
- Compact Starter, DOL / RDOL upto 18.5kW (38A, AC-3) in 45mm width
- Direct connectivity to Modbus / Profibus / CANopen / DeviceNet
- Higher switching life - 15Million operations, 2Million AC-43 electrical life
- Breaking capacity upto 130kA

### Power Base

For assembling components, ON/OFF operation and resetting.  
 > 3 power bases:  
 upto 12A and upto 38A  
 > Direct starter and reversing starter models.

### Control Unit

Performs all the electrical protection functions to cover main applications from 0 to 38A.

Some of these also provide advanced measurement, alarm and display functions.

### 4 simple function modules

- Thermal overload alarm Indication of motor load
- Thermal overload signalling and manual reset
- Thermal overloaded signalling and automatic or remote reset.

### 4 communication modules

- Profibus DP
- CANopen
- DeviceNet
- Modbus.

# 40%

“TeSys solutions allow us to reduce the size of our enclosure”  
 says a panel builder from the water treatment sector

# 60%

“Late customization means that we can build 60% of the panels, even though the project design has not yet been completed”  
 says an engineer in a food processing industry

NEW

# Wherever productivity is a concern, intelligence to Motor Control is the solution

## Transform Your Conventional MCC into a Smart Powerhouse!

Upgrade to the Intelligent Motor Control Center (iMCC) with TeSys Tera – an advanced intelligent relay that brings next-level protection, real-time insights, and built-in smart features.

# TeSys Tera NEW

Experience the enhanced intelligence of your Motor Management System with our new and advanced TeSys Tera.

Sustainable

Versatile

Efficient

Modular

Coming Soon

### On-device programming

With direct-to-device connection, setup and configuration has **never been easier**

### Modular

Lower installation time, Easy replacement & Reduced customer downtime

### Enhanced efficiency

through advanced features such as **Load Shedding** and an **Auto Restart** function

### Flexible

with pre-configured designs and **plug-and-play**

### Connectivity

Supports integration with multiple industrial protocols Modbus, Profibus, Modbus TCP, EtherNet/IP, Profinet

### More data, less downtime

Detailed diagnostics enables **predictive maintenance** to help you stay online more of the time

# TeSys Active

## Tera Motor Management System

### Main Unit

Reference

	LTMT	E	BD

800	1	LT6 CT8001

#### Ground Fault CT's

Primary [A]	Internal Ø "d" [mm]	Reference
65	30	50437
85	50	50438
160	80	50439
250	120	50440
400	200	50441
630	300	50442

#### Connecting Cables

Description	Number and type of connectors	Length m	Reference
For connecting the Main Controller to the Sensor Module	2 x RJ11	0.15	LTMT9RJ1015
		0.2	LTMT9RJ102
		0.5	LTMT9RJ105
For connecting the Main Controller to the LTMTCUF Control Operator Unit	2 x RJ45	1	LTMT9CU10S
For connecting the Main Controller to the Expansion Module	2 x RJ45	3	LTMT9CU30S
		0.1	LTMT9RJ401
		1	LTMT9EX10

Description	Composition	Reference
Programming software SoMove	1 Program for each PC	On request
Connection cable for PC	USB to RJ45 cable	TCSMCNAM3M002P

# ComPact NSX

Schneider Electric is proud to introduce the new generation of ComPacT MCCBs. These breakers talk to you, wherever you are, in all transparency. New design complements new wireless connectivity capabilities with our latest wireless auxiliary contact.

## ComPact Design

### New signature design

- Schneider Electric green signature style for the entire ComPacT range
- Estimated 40% reduction of wiring time for panel builders
- Experience easier installation thanks to a new ergonomic front-plate design
- Gain the confidence that all auxiliaries are on the right spot, and simply double check that you have the right coil rating
- Ergonomic new toggle for easier breaker manual operation

## Wireless Auxiliary Contact

### Wireless breaker status

- Plug & play technology for clear connection status (0 or 1, no half-way wired)
- Placed in the same position as the wired version, its LED light will give you direct indication in case of a tripping
- If you are away, your ComPacT will send you an immediate notification via EcoStruxure Facility Expert for instance
- Wireless auxiliary accelerates overall wiring time: status communication is done very simply and commissioned wirelessly
- Communication architecture is fully EcoStruxure Power validated, with any application

### Ready to meet the new face of ComPacT?

Meet the new generation of ComPacT™ circuit breakers with semi-transparent faceplate, screwless auxiliaries and remote monitoring features.

Learn about the benefits of the ComPacT range here:  
[se.com/compact-nxs](https://se.com/compact-nxs)

## EasyPact CVS

Fixed Thermal Magnetic Trip Unit (TMD)

- Ics = 100% Icu as per IEC 60947-2
- Suitable for Isolation
- Transparent Cover for trip unit as Standard
- Class II front face
- Single frame size 16-250A

### DC Miniature Circuit Breakers - C60H

- Specially designed MCB for enhanced protection in DC installation
- Magnetic Arc Chutes to quick break DC current in event of fault
- Breaking capacity 6kA as per IEC 60947-2
- Voltage Rating: 1P - 250 V DC & 2P - 500 V DC
- Impulse Voltage: 6 kV
- Higher Installation Life: Energy Limiting Class: 3

### Special application MCBs

#### Solar Application – PV DC

- DC MCB for multi string PV installations
- Operating Voltage: 800V DC
- Current Rating up to 25A
- Complies to IEC / EN 60947-2

#### Rail Application\* (including Rolling Stock)

- Shock & vibration resistant (IEC 61373) – Cat 1, Class B
- Complies to EN 45545 HL2
- Complies to IEC / EN 60947-2

#### UL MCB

- Type: UL1077, UL489
- Breaking Capacity of 10kA
- Complies to IEC 60947-2 / UL1077 / UL489 / CSA

#### Note:

Please contact nearest Schneider Electric sales office or Customer Care for Reference and prices of Application Specific MCBs

\*Rail Application RCDs are also available on demand \*\*18mm/module

# Residual Current Devices (RCDs) - For Human and Fire Protection

**30  
mA**

Use of **30mA RCDs** is now **mandatory** for all **domestic intallations** in India (NEC 2023)

**Schneider Electric provides voltage independent RCDs** which work on current sensing technology and provide protection from residual current even at extra low voltages (down to zero volts) and in case of break of neutral.

**SI  
Type**

**Schneider Electric offers SI RCD built to operate in electrically polluted or installation in aggressive environments:**

- Flourescent / Variable lighting with Electronic ballast
- Powerful IT / Telecom equipment / Air conditioning
- Severe Atmosphere - High lighting risk / Swimming pools

\* for Measures relating to Safety and Electric supply

### AC Residual Current Circuit Breakers - xID

- Complies to IEC/EN 61008-1 and IS 12640
- AC Type
- Selective range available for time based discrimination
- Easy Monitoring: Earth fault indication and Test Button on front face
- Mandatory to use OF-S auxiliary to add any indication or tripping auxiliary

### SI Type Residual Current Circuit Breakers (RCCBs) - xID SI

- Complies to IEC/EN 61008-1
- SI RCDs offer enhanced immunity against Electrical Disturbances; Polluted and Corrosive environments - Guaranteed performance in harsh operating conditions
- Ensures continuity of supply in networks with:
  - Transient overvoltages
  - Loads generating HF leakage current i.e. harmonics
  - Loads generating continuous leakage current
- Ensures tripping on genuine earth fault in networks with:
  - Pulsating DC components
  - HF applications which "Blinds" (non-tripping) the conventional RCDs

[In] Rated Current (A)	Earth-Leakage Sensitivity (mA)	Module Width 18mm/module	2 Pole Reference	Unit MRP [₹]	Module Width 18mm/module	4 Pole Reference	Unit MRP [₹]

### Vigi Block for xC60 (Add-on RCD Module, 2 & 4 Pole)

- Flexibility to use MCB of any tripping curve to suit applications, ensuring best 3 in 1 protection
- No auxiliary supply required
- AC Class protection
- Degree of pollution: 3 (suitable for industrial environment)
- Immune to nuisance tripping due to transient over voltages

[In] Rated Current (A)	Earth-Leakage Sensitivity (mA)	Module Width 18mm/module	2 Pole Reference	Unit MRP [₹]	Module Width 18mm/module	4 Pole Reference	Unit MRP [₹]

### Acti 9 Active AFDD

#### Make active safety your new standard

- Integrated arc fault protection for prevention against electrically ignited fires
- AFDD complies to IEC/EN 62606
- RCD complies to IEC/EN 61009-2-1
- Protection Against Series & Parallel Arc

Acti9 iCV40N VigiARC Active, 30 mA, A-SI type

- Ensures tripping on genuine earth fault in networks with :
  - Pulsating DC components
  - HF applications which “Blinds” (non-tripping) the conventional RCDs
- Available in C Curve Configuration

Poles Description	[In] Rated Current (A)	Earth-Leakage Sensitivity (mA)	Module Width 18mm/ module	Reference	Unit LP [₹]

# Protection Against Lightning Strikes And Switching Surges

For all low voltage switchboards and electrical enclosures:

## Comprehensive range

- To ensure the protection of equipment connected to:
- Low voltage networks,
- Telecommunications networks,
- Computer networks.
- Easy to implement and use.
- Compatibility with all earthing systems (TT, TNS, TNC, IT).
- Technical and aesthetic consistency

## Continuity of service and certified safety

Schneider Electric certified coordination between the surge arrester and its disconnection circuit breaker.

Compliance with standards: IEC/EN 61643-11.

More and more electrical equipment today is sensitive to overvoltages caused by lightning.

# 90%

of power outlets supply equipment incorporating electronic devices.

iQuick PRD “built-in” technology surge arresters, a Schneider Electric innovation, incorporate their own disconnection circuit breaker: easy to choose and simple to install for greater effectiveness.

Up to **30%** of installation time saved.

### Surge Arresters - Type 1+ 2

- Complies to EN/IEC 61643 -11
- Withdraw able type: Easy Replacement
- Inbuilt SPD health Indicator: Also available with remote signaling
- For protection against Direct lightning surge, Indirect lightning surge, Switching surge
- Iimp up to 25kA & Imax upto 40kA
- **Always use a Back-up MCB with your SPD**
- Maximum Operating Voltage [Uc]: 350V

Type	Pole Description	Module Width 18mm/module	Reference	Unit MRP ₹

	3P + N	8	16332	93819

### Surge Arresters iPRD - Type 2 (Withdrawable type) (TT, TN-S, TN-C Systems)

- Complies to IEC 61643-11/2011 T2 and EN 61643-11
- For protection against Indirect lightning surge and Switching surge
- Inbuilt health Indicator
- Response time < 25ns
- Imax (8/20 s): 65/40/15/8kA
- Maximum Operating Voltage [Uc]: 340V
- Level of protection, Up: 1.0 - 2.0 kV
- Remote indication contact with 8r/20r/40r/65r
- **Always use a Back-up MCB with your SPD**

### iQuick PRD - Type 2 with inbuilt MCB

- Compact SPD with in-built back up MCB - saving on space, MCB selection, wiring time
- Complies to EN/IEC 61643-11
- Withdrawable Type - Cost Efficient - Allows damaged Cartridges to be replaced without having to replace entire SPD
- Inbuilt SPD Health Indicator on front face of device; Remote signaling functionality also available
- Incoming Protection: iQuick PRD 40r (High Risk level) and iQuick PRD 20r (Moderate Risk level)
- Secondary Protection: iQuick PRD 8r is cascade mounted with incoming surge arresters

Type	Pole Description	Module Width 18mm/module	Reference	Unit MRP [₹]
iQuick PRD 8r	1P+N	4	A9L16298	18798
	3P	6.5	A9L16299	30401
	3P+N	7.5	A9L16300	37828
iQuick PRD 20r	1P+N	4	A9L16295	23178
	3P	6.5	A9L16296	36495
	3P+N	7.5	A9L16297	45395
Quick PRD 40r	1P+N	4	A9L16292	28990
	3P	6.5	A9L16293	43432
	3P+N	7.5	A9L16294	53977

**Note:** Spare / Replacement Cartridges available - For Reference and prices contact nearest sales office or customer care

### Photovoltaic Surge Arresters

- Protection for photovoltaic panels and the DC input to the inverter from overvoltages due to a lightning strike
- Type 2 surge arresters
- Should be installed in switchboard inside the building. If switchboard is located outside, it must be weatherproof
- Withdrawable surge arrester allows damaged Cartridges to be replaced quickly
- Inbuilt SPD Health Indicator on front face of device; Remote signaling functionality also available

Type	U (cpv) Maximum Operating Voltage (V)	Module Width 18mm/module	Reference	Unit MRP [₹]
iPRD 40r	800	3	A9L40271	14294
	1000	3	A9L40281	17496

**Note:** Spare / Replacement Cartridges available - For Reference and prices contact nearest sales office or customer care

### Surge Arresters for Communication Networks

- Analogue telephone line protection: iPRC surge arrester wired in series to the private installation input, protects the telephones, the modems (including ADSL) etc
- Protection for 2 low-current lines without common potential or 4 lines with common reference potential
- iPRI protects measuring instrument and PLC sensor inputs and the DC power supply inputs up to 53 V and AC power supply inputs up to 37 V

Type	[Ue] Operational Voltage (V)	Module Width 18mm/module	Reference	Unit MRP [₹]
PRI	48 V DC	1	A9L16339	25494
PRC	130 V AC	1	A9L16337	15284

**Note:**

For all above Reference MOQ = 1  
Please contact Customer Care Center for Stockable and Non stockable status of references.

### iCT Contactors

- Complies to IEC 1095, E N 61095
- 4 operating modes switch on front face :
  - Automatic mode
  - Temporary "ON" mode
  - Permanent "ON" mode
  - Shutdown
- Mechanical contact position Indicator
- Safe installation maintenance: lock the contactor in ON position
- Silent operation (20dB) for entire range

Type	Rating (A)	No. of Contacts	Module Width 18mm/module	Reference	Unit MRP [₹]
1P	25	1NO	1	A9C20731	3417
	16	2NO	1	A9C22712	3516

	63	2NO + 2NC	3	A9C20868	17086

**Note:** 100A Contactor in 2P / 4P - available on request

### iTL Impulse Relays

- Complies to IEC/EN 60669-2-2
- Safe maintenance: disconnection of remote control by selector switch
- Manual Controls on front face: 0-I toggle
- Mechanical contact position Indicator
- Maximum 5 operations/min. and 100 switching operations/day
- Degree of pollution: 3 (suitable for industrial environment)

Type	Rating (A)	Control Voltage	No. of Contacts	Module Width	Reference	Unit MRP [₹]
1P	16	230-240 VAC	1NO	1	A9C30811	2299
